Impersonation of Saichild in Hong Kong

We have been alerted to a scam in Hong Kong that involves the impersonation of Saichild.

The scammers fraudulently claim to represent Saichild in Hong Kong and are soliciting money from individuals on the basis of receiving bookings and deposits for Popular RE's residential project.

This is a scam and is not associated with Saichild in any way. Saichild does not directly sell any investment products or financial instruments in Hong Kong. We have not authorised any third party to do so on our behalf.
